

BIOMIN[®] Cal-Boro

CALCIUM *with* BORON

Minerals for Soil and Foliar Application

GUARANTEED ANALYSIS

Calcium (Ca).....5.0%
5.0% Chelated Calcium
Boron (B)1.0%

Derived from Calcium Carbonate, Sodium Tetraborate and Citric Acid.

**PREVENT AND CORRECT MINERAL DEFICIENCIES
KEEP OUT OF REACH OF CHILDREN
SHAKE WELL BEFORE USE**

PRODUCT INFORMATION

Bioimin Cal-Boro contains calcium and boron designed for soil and foliar application. It is completely bioavailable and non-phytotoxic to plants when applied in accordance to directions. Designed to prevent and correct micronutrient deficiencies and to boost crops during critical or fast growing periods. May be applied with nitrogen fertilizer.

DIRECTIONS AND GENERAL RECOMMENDATIONS:

SHAKE WELL BEFORE USING

SOIL APPLICATION: **Bioimin Cal-Boro** can be applied before or at planting as banding or broadcast. The application rate is 1 quart to 1 gallon per acre (2.5 to 10 liters/hectare) depending on soil conditions and application methods. For maintenance, 1 quart per acre (2.5 liters/hectare) is recommended. **Bioimin Cal-Boro** should be diluted with enough water to cover the entire acre.

FOLIAR APPLICATION: FIELD CROPS: Apply 2-3 quarts per acre (2-8 liters/hectare), when crops are about 6-12 inches (15-30 cm) high or when deficiency symptoms appear. Repeat the application in 2-4 weeks if necessary.

VEGETABLE CROPS: Apply 2-3 quarts per acre (2-8 liters/hectare) at about 2-4 weeks after emergence, or when deficiency symptoms appear. Repeat the application in 1-3 weeks if necessary.

FRUIT TREES AND GRAPES:

Apply 2-3 quarts per acre (2-8 liters/hectare) in early spring, when new leaves are emerged or when deficiency symptoms appear. Repeat the application in about 4 weeks if necessary.

For best results, apply when the crop is in active growing stage, after irrigation or natural rain fall. For foliar application, it should be diluted with at least 100 times of water.

LIMITED WARRANTY Manufacturer or seller makes no warranty, whether expressed or implied, concerning the use of this product other than for the purposes indicated on the label. Neither manufacturer nor seller shall be liable for any injury or damage caused by this product due to misuse, mishandling or any application not specifically described on the label.

CAUTION - This product contains boron. Do not apply to boron sensitive crops. Do not apply to crops that will be grazed by ruminant animals. Contact your local county agency or field consultant for further information. Follow all label instructions.
